Pacific Healthcare Opens Its Second Nursing Home in Singapore

- ***Minister, Prime Minister's Office, Mr. Lim Boon Heng officiates at Opening Ceremony***
- ***New facility reinforces the company's commitment to providing affordable and comprehensive eldercare services***

Singapore, 21 January 2009 – Pacific Healthcare Holdings Ltd officially opened its second Nursing Home in Bukit Panjang on 21 January 2009. The five level purpose-built facility commenced operations late last year with 105 beds. When fully operational, it can take in 250 residents for both long term convalescent care, as well as short-term respite services.

Mr Lim Boon Heng, Minister, Prime Minister's Office and Chairman of the Ministerial Committee on Ageing officiated at the grand opening of the new facility which is within walking distance from the LRT Senja Station.

Dr William Chong, Executive Director and Chief Executive Officer of Pacific Healthcare Holdings said, "Singapore as a Nation is where we are today because of the hard work and toil of the generations before. It is therefore our duty and responsibility to provide the best possible care for our elderly. While all of us wish to take care of our loved ones at home, the reality is that this may not always be possible. Pacific Healthcare Nursing Homes is committed to providing professional help and care, in an environment just like your own home."

The new facility is designed to inspire confidence and peace of mind amongst residents and their families. The open atrium and skylight, as well as the lush tropical garden allow residents to relax and recuperate in a tranquil environment.

The home has a team of well-qualified and dedicated nursing staff to attend to the needs of residents. There is also a Rehabilitation Centre providing specialized treatment including occupational and speech therapy.

Dr. Chong added, “Pacific Healthcare Nursing Home will continue to provide a high level of eldercare at affordable prices as part of our commitment to serving the community at large.”
