

FOR IMMEDIATE RELEASE

New Obagi Clinical Facial Treatment Exclusive At The Wellness Lounge

Singapore, 25 August 2007 – The Wellness Lounge takes your complexion beyond AHAs, Retinols and Topical Vitamin C to improve the health and appearance of your sun-damaged and aging skin without burning, peeling or irritation. Obagi Clinical Facial is the most advanced clinical facial skin care treatment available for your skin today.

Obagi Clinical Facial is an anti-aging treatment boosted with proprietary lipopeptides and enhanced with anti-aging vitamins A, C and B Complex as well as essential amino acids. These are the building blocks necessary for the skin cells to produce collagen and keratin. Lipopeptides work by stimulating epidermal and fibroblast activity, but their smaller size and lipid moiety allows for greater penetration potential. Obagi Clinical Facial is a highly effective therapy suitable even the most sensitive skin types.

The latest Lipopeptide technology is the next generation in a technology platform that achieved tremendous market success with its first generation (Kinerase® - plant growth factor) and second generation (TNS – human growth factors). This unique treatment has been designed to fully support and promote mature fibroblast growth. Nanoemulsion™ penetration enhancement technology allows improved growth factor stimulating lipopeptide delivery.

Obagi Clinical Facial formulated to improve elasticity, reduce wrinkle depth, minimise fine lines, enhance skin texture and decreased age spots and blotchy/redness were significantly reduced after each session of treatment.

If a patient enjoys the Obagi Clinical Facial, he/she could prolong the results by purchasing the home care range, ZO Skin Health™ by Zein Obagi, MD, exclusively available in the Wellness Lounge.

The ZO Skin Health™ focuses on skin wellness, health and well being. ZO Skin Health™ by Zein Obagi, MD works to counteract the adverse effects of aging, genetics, stress and environment. Dr. Obagi's ZO skin health product uses a multi-disciplinary approach to restore radiance, clarity and elasticity. A skin care line that goes beyond the obvious and really works for aging skin. The price range for ZO Skin Health™ products is from \$70 - \$270.

Rediscover beautiful skin with Obagi Clinical Facial (75mins) exclusively available at the Wellness Lounge. Obagi Clinical Facial is retailing at \$350 per session.
